OBJECTIVE

Enthusiastic and driven Computer Science student in the fourth year of their Bachelor's program, seeking to leverage strong technical skills and academic knowledge in software development, algorithms, and data structures. Eager to apply classroom learning to real-world challenges, while continuously learning and growing in a dynamic professional environment.

EDUCATION

Bachelor of Computer Science, 8 CGPA, KCCITM, AKTU	2021 - Present
Class 12, CBSE BOARD, 90%	2020 - 2021
Class 10, CBSE BOARD, 86%	2018 - 2019

SKILLS

Technical Skills	C, C++, Python, HTML, CSS, Tailwind CSS, JavaScript, React js, Node js, Express js, MongoDB.
Tools	VS Code, Postman, Appwrite.
Soft Skills	Problem Solving, Communication, Teamwork, Active Listening, Time Management.
Version Control	Git, GitHub.

PROJECTS

Twido App

Developed a dynamic web application combining video sharing features inspired by YouTube with social interaction capabilities similar to Twitter.

- Implemented a responsive user interface using **React** and **Tailwind CSS**, ensuring seamless access on various devices.
- Utilized **Redux Toolkit** for efficient state management, enabling smooth data flow and real-time updates across the application.
- Integrated **Cloudinary** for secure video uploads and management, enhancing user content creation.
- Designed RESTful APIs using **Node.js** and **Express** to facilitate communication between the frontend and backend, ensuring efficient data handling and retrieval.
- Employed **MongoDB** for flexible data storage, allowing for easy scalability and management of user-generated content.

My Blogs App

Developed a dynamic blogs application using Reactjs, allowing users to sign up, log in, create, and edit their posts.

- Implemented user authentication and authorization with Appwrite for secure access control
- Integrated TinyMCE for rich text editing, enabling easy formatting of blog posts.
- Utilized React Router for seamless client-side routing.
- Leveraged Appwrite Realtime Database for managing user-generated content, ensuring data persistence and scalability.
- Designed a responsive UI using modern CSS techniques and Tailwind CSS.
